

## Cross-Curricular Lesson Planning: Let's Eat The Rainbow!! Healthy Eating:

Fles Fest Saturday May 14, 2016@ Dalton

By Jenn Lawing: [jennifer.lawing@chariho.k12.n.us](mailto:jennifer.lawing@chariho.k12.n.us) @jllaw100

Grades: any grades k-6

Rationale:

How can you eat the rainbow?

It's always difficult getting students to eat healthy foods. With the School Nurse and/or Health teacher align cross-curricular lessons about healthy eating. Plan a school-wide "Eat the rainbow initiative" for one week during March ( National Nutrition Month), where students are trying new fruits and vegetables of one specific color each day of the week for breakfast, lunch and dinner. They are documenting this in Spanish (or whichever target language) at home and will be collected at the end of the week. This is a great way to not only get children to try new foods, but also allows for **entire families** to eat healthier (with hopes that it will create new healthier eating habits), and also includes the home to school connection.

Potential language concepts to be used/ concept map :

Colors:

Fruits: <http://bit.ly/1Xn9zaH>

Veggies:

Likes/dislikes:

Days of the week:

Family members:

Question words:

I want/wanted:

To be hungry:

Descriptions of food ( adjectives):

Cultural awareness/ comparisons (foods only found in certain climates):

geography:

Body parts ( if you wanted to go into this after the Hungry Caterpillar)

Numbers

Plural

Ideas to incorporate all Language skills into this lesson:

Reading: 1) Students read the The Very Hungry Caterpillar

Writing: 1) students write a diary daily about what they ate the night before, what they liked, who in their family ate which fruit or vegetable. What colors the fruits were ( or present tense if needed) Students can also say what they are planning on having that night.

2) Summarize the Hungry caterpillar in his/her own words.

3) Students create a collage and write about all of foods that they like in Spanish. ( this can be from magazines or using an IPAD)

Speaking:

1) Students pair up and ask each other questions about their daily meals, based on the questions that they were asked by the teacher.

2) Students will pair up, one will point to a picture of a specific fruit and ask in target language, "Do you like the\_\_\_? Did you eat \_\_\_? What color is the \_\_\_" His/her partner responds in target language.

3) Students can role play buying fruit and veggies at a street vendor, using Euro ( adding exchange rates, math.

4) Discussion questions about the Very Hungry Caterpillar: Students summarize when the certain foods were eaten, or On Saturday, how many.....did he eat?

Listening:

1) Watch cultural videos about other countries, discuss produce, farming and ways in which people in other countries get their foods.

2) Listen to songs to learn vocabulary for fruits, colors, etc

3) Ask students:: Do you like\_\_\_\_? Did you like\_\_\_\_? What color is \_\_\_\_? What did you eat?Did you try....? Who ate? What your mom ate? Who ate....? When did you eat....? How was \_\_\_\_

4) Listen to the Very Hungry Caterpillar on CD in Spanish.

Scan here for weekly chart for students: Must download free QR READER app on device:
